WORK EXPERIENCE

2011- 2015

VISUAL DESIGNER

OPTIMIZATION TEAM

BANK OF AMERICA [WILMINGTON, DE]

Worked within a high security environment requiring knowledge of proper management of proprietary and sensitive information.

I served as Visual Designer for the Optimization Team. Responsibilities included the daily triaging of requests for dot com and OLB updates.

Over the past 3 years the Opts. Team worked several agile migrations projects. Included:

- + Rebrand of the Small Business Homepage
- + Practice Solutions
- + Small Business Finance
- + Small Business OLB
- + Search
- + Sign in
- + Associate Banking & Investments
- + Help
- + Site Map
- + Privacy and Security
- + Military Banking
- + Student Banking
- + International Banking (Foreign Currency)

Also within these migrations, I've been able to forge a strong working relationship with our tech, UI/Dev, and e publishing partners. I've been an active contributor in visual design and branding meetings.

2007- 2011
